

Ashley is a licensed speech-language pathologist and is accredited by the American Speech-Language and Hearing Association (ASHA). Ashley earned her bachelor's degree in hearing and speech science from the University of Maryland and received her master's degree in speech-language pathology from Florida Atlantic University.

Prior to becoming a speech-language pathologist, Ashley worked as a paraprofessional in a self-contained, ABA-based classroom in New Jersey where she worked with Pre-K and elementary aged children on the autism spectrum. In addition to working as a SLP, she continues to provide behavior therapy as a behavior assistant. She is currently completing the requirements to become a Board Certified Assistant Behavior Analyst (BCaBA).

Ashley helps our students improve their speech and language skills to promote effective and functional communication. She is also a PROMPT-trained therapist.
