FIREFIGHTER for a DAY

The Firefighter for a Day Certificate is an open invitation to spend a day in the station, with a Firefighter. It is a great way to spend a day with a Firefighter. Much of what will take place at the Fire Station depends upon the age of the recipient. The younger the individual, the shorter the attention span will be, the shorter the visit. Generally, the number of certificates is limited to the number of a station, and all Palm Beach County Fire Stations's Community Education Offices at 561-419-3133 to help coordinate their reservation experience.

Firefighter for a Day includes: A visit to one of Palm Beach County's Fire Stations. A tour of the Station. A tour of all the trucks including a hands on look at all the equipment they carry. An insight into the regular equipment checks to make sure everything is in good working order. Depending on the age, the individual will be able to hold a hose line and spray water. At the Station officer's discretion, a short ride may be possible depending on the individual's age. One admission Certificate. Firefighter's required to be with the station at all times. The Fire Station is always subject to emergency calls but every effort is made to keep the workers at the station as long as possible. The number of hours spent at the Fire Station and the events that take place vary very flexible and will vary from area to area.
