Shared Decision Making:

Families will be invited to many meetings throughout the year to receive academic information, reports, and provide input on ways the school, families, and students can share responsibilities for student success. We hope you will join us for the PTO/SAC meetings, parent conferences, Title 1 meetings, and parent trainings.

Communication:

Based on your input, we will provide flexible meeting dates and times to accommodate work schedules. We will also communicate in an on-going and timely manner using a variety of methods including our school website, social media, emails, our Student Information System (SchoolCues), phone calls from teachers, and school administration; by flyers sent home with your student; through notes in your student's communication folder, school newsletter/calendar, and academic reports. If you find that communication does not seem to be getting home, please let us know.
